

FOR USE UPON RECEIPT

**D. JOSEPH MARTIN, IESNA, JOINS PRECISION FLUORESCENT AS VICE PRESIDENT OF ENGINEERING**

*Santa Ana, CA, August, 2007* — **D. Joseph Martin**, IESNA, a mechanical engineer who combines a decade of broad accomplishment in project, operations and financial management, has joined Precision Fluorescent, Inc. as vice president of engineering.

Raymond Pustinger, president of Precision Fluorescent, made the announcement. Precision Fluorescent, LLC is a flagship subsidiary of Varon Lighting, LLC. “Precision is pleased that Mr. Martin has joined our team. Adding an individual with his exceptional character, skills, and experience represents another milestone in the development of our organization. Mr. Martin’s guidance of Precision’s engineering staff strengthens our foundation for continuing growth, expansion and recognition as a prominent supplier of energy-efficient products in the lighting industry,”

**Mr. Martin’s** expertise is wide and varied. Prior to joining Precision Fluorescent, he served as operations and finance manager as well as sales and proposals manager for Hardin Geotechnologies, Inc. d.b.a. Preston Lighting in Indiana and in Michigan. Earlier in his career, he provided project, operations and strategic leadership to FATA Automation, where he successfully managed factory automation implementations for GM, Ford, and Chrysler. He directed sales, engineering, and operations for the Mexican division of this multi-national automation firm, prior to managing purchasing and production for North America.

**Mr. Martin** is an active member of the Illuminating Engineering Society of North America (IESNA). He earned a Bachelor of Science degree in Mechanical Engineering at Purdue University, where this year he will complete the International Master’s in Management program, an Executive MBA program with an international business concentration. He will earn the EMBA degree from Purdue University, as well as a European EMBA degree from the TiasNimbus School of Business in the Netherlands.
