

FOR IMMEDIATE RELEASE

**LOU PRESTON ASSUMES NEW LEADERSHIP
ROLE AT PRECISION-LIGHTING
AS NATIONAL SALES DIRECTOR**

Yorba Linda, CA, May, 2008

Lou Preston has assumed the position of National Sales Director at Precision-Lighting. Preston came to Precision-Lighting from Hardin Geotechnologies where he was responsible for the lighting management company's overall operations which included projects in more than 30 states as well as Canada and Mexico. Preston worked with local, regional and national clients with maintenance and applications for energy efficient lighting upgrade programs. Before his time at Hardin, Lou held increasingly responsible positions with FATA Automation, completing major installations for clients such as GM and Chrysler Corp. Preston is a seasoned professional with over 16 years of progressively expanding responsibilities.

Michael Doyle *Vice President of Sales and Marketing at Precision-Lighting* explained, "Lou came to Precision with a proven history of technical expertise and dedication to serving clients. In his initial assignment as National Director of Hub Services he has worked with all of our existing staff members and clients. In his new role as National Sales Director, we know he will be an important contributor to our continued growth."

Doyle continued, "Lou will be responsible for Precision's continuing efforts to expand our business base with existing clients and developing new business using our network of agent, distributor and in-house sales efforts. Lou's background as a contractor and the experience he gained in the Service Hub role will enhance our ability to provide the best possible service for our customers. His promotion demonstrates the career growth opportunities for our staff as Precision-Lighting continues to expand."

Preston graduated from Western Michigan University in 1996 with a degree in Integrated Supply Management. He is currently enrolled in an MBA program at Wayne State University where he has been awarded membership in Beta Gamma Delta, an honors fraternity that recognized his outstanding academic achievement in the MBA program. Lou is an active member of the Illumination Engineering Society (IES).

Lou Preston may be reached at Precision-Lighting, 23281 La Palma Ave., Yorba Linda, California. Telephone: (714) 386-5550; Fax: (714) 386-5649; Email: lpreston@precision-lighting.com. Visit them on the World Wide Web at: www.precision-lighting.com.
