

The Watt Stopper provides a standard one year warranty on all Watt Stopper components purchased as part of the original system.

Each HWARRANTY-1 provides one year of extended warranty, beginning one year after system startup or installation (which ever is later.)

Procedure:

- 1. Contact Watt Stopper Service (888-852-2778) to discuss the problem.*
- 2. If a part needs to be replaced, Watt Stopper service will send a replacement via overnight mail.*
- 3. Owner will replace and return defective device. (Defective device must be returned to avoid charges.)*
